# CHARGER

## STAND UP DECK

Mowing is messy. That's why we invented our patented stand-up deck. Now it's easier to clean, change blades or dislodge an errant dog toy. Go from mowing to maintenance in less than 60 seconds.

## JOYSTICK STEERING

Point, go and conquer with our exclusive joystick steering. Since 1989, we've been making yard work a true joyride. This one-handed control frees up your other hand to brush away low-hanging tree limbs, enjoy a cold drink or wave to your adoring family.

## TWIN LEVER STEERING

We believe every operator should have the freedom to choose how they want to steer. Our twin-lever gives you precise, zero-turn control that keeps you moving over all types of terrain.

## ACCESSORIES

- > Hand Rail
- > Left Hand Joystick Kit
- > Deck Lift Jack
- > Mulch Kit
- > Light Kit
- > Bagger

Due to continuous product improvement, specifications are subject to change without notice.
