COUNTRY CLIPPER® ZERO TURN MOWER

# CHALLENGER

**BREEZE THROUGH EVEN THE BIGGEST LAWNS.**

Country Clipper has created the Challenger for the modern demands of commercial and heavy residential landscaping. With additional speed, fuel capacity and cutting width, the Challenger covers more ground faster at no loss in efficiency. And while heavier use means greater maintenance needs, the Challenger is everything but when it comes to routine servicing.

COUNTRY CLIPPER ZERO TURN MOWERS

# CHALLENGER

## STAND UP DECK

Mowing is messy. That's why we invented our patented stand-up deck. Now it's easier to clean, change blades or dislodge an errant dog toy. Go from mowing to maintenance in less than 60 seconds.

## JOYSTICK STEERING

Point, go and conquer with our exclusive joystick steering. Since 1989, we've been making yard work a true joyride. This one-handed control frees up your other hand to brush away low-hanging tree limbs, enjoy a cold drink or wave to your adoring family.

## TWIN LEVER STEERING

We believe every operator should have the freedom to choose how they want to steer. Our twin-lever gives you precise, zero-turn control that keeps you moving over all types of terrain.

## ACCESSORIES

- Hand Rail
- Left Hand Joystick Kit
- Deck Lift Jack
- Mulch Kit
- Light Kit
- Bagger

Due to continuous product improvement, specifications are subject to change without notice.
